ONE CENT

WRITER TELLS OF WRECK AT SCHELL CITY SUNDAY AFTERNOON

Red Cross Early on the Ground to Give Aid to Any in Need

COMFORT TO CHARLEROI BOY

That the Red Cross is a great National Society was demonstrated during the week in an unexpected manner, when officials of the Charleroi Chapter received word from the Chapter located at Schell City, Mo., near which point the passenger train carrying a number of Charleroi boys on the way to Kelly Field, was wrecked last Sunday morning.

When the accident happened and the news brought to Schell City, members of the Red Cross of that town went immediately to the scene of the accident to render what aid they could. After seeing that all the men were in good shape, officers and members of the organization immediately wrote letters to friends in the localities from which the men came. The one received in Charleroi was addressed to Miss Minnie Richardson, Secretary of the local Chapter, and is as follows:

"Before you receive this letter you will have read of the wreck of the troop train at Schell City, Mo., which was carrying Pennsylvania mechanics to Texas. I am writing you at the request of one of the boys who was on the train. Fortunately only one was injured, and yet I know that 'only one' means everything to the home from which he came. Mr. Charles Hott suffered an injury to his spine, slightly we think, and two of his ribs are either fractured or broken. I happen to be Chairman of the Schell City Branch Red Cross Chapter. Upon learning of his injury several of us went to see if we could do anything to make him more comfortable. We told him he was our first Red Cross patient, and to please give us an opportunity to show our nursing abilities. We couldn't do much for him, it seemed, but talk to him and make a standing offer of our services. Some of the mothers whose boys are gone went in and tried to 'mother' him. I think perhaps that cheered him quite a little. One old lady told him that her gray hairs gave her a perfect right to love all the boys and that she had come in to tell him that she wanted to do for him just like she hoped some one would do for her boy who is gone. Then we told him, and the soldier boy who stayed by him, to call on us in any way, and left for fear we would talk him to death. The minister held an open air service for the boys at eight in the evening. We called again to see him at his room in the hotel. He was suffering greatly then and as his attendant said, we can do nothing. We did not stay.

Mr. Hott told me that you were Secretary of the Chapter of Charleroi, and to please write and tell you.

Continued on Page 2.

Twenty-Eighth Division May Soon Be On the Move

While no official information is given out, Pennsylvania people are naturally interested in the rumor, which float north from Camp Hancock, at Augusta, Ga., as to the movements of the Twenty-eighth Division, composed exclusively of troops from the Keystone State. It is strongly rumored that the men will soon be on their way, but when they will embark for overseas duty is not known, and would not be announced if it were.

It was learned Thursday that the war department has the Division on the "priority list," which means that it will be one of the first to be sent abroad. New York is also near the top, and it is possible that both Divisions may go abroad at about the same time. The Pennsylvania Division has completed its training period, has been completely reorganized in accordance with the new military formation, its officers have undergone the physical test and those who have failed to pass have been transferred or discharged. Everything is now in readiness for embarkation, and it is believed the Division will sail just as soon as transportation is available.

The priority list, however, which is believed to contain the selection of the Keystone Division as one to be moved early, is closely guarded by the war department. However, the fact that many of the men at Camp Hancock are sending home their trunks and other heavy personal effects appears to be a good indication of some movement of a major character, and which will mean the evacuation of Camp Hancock for an embarkation port. Some few of the men from the Division are at home on furloughs, but it is not probable that any of them will be extended beyond the usual period of ten days. This is evidently with a view of having all the men with their commands when the order to move is given.

FLAG TELLS OF WRECKED TRAIN

The Mail is in receipt of a portion of a United States flag, sent from Schell City, Mo., by Capt. Tom Middleton, of Charleroi, who was on the wrecked troop train which jumped the rails near that Missouri city. The flag was evidently displayed on some one of the coaches which was wrecked as about half of the emblem had been torn away, while holes were torn in the portion of the emblem received at this office. On the flag were inscribed the names of all the boys from this end of the county who were on the train, from Donora, Monongahela, Charleroi, as well as from Monessen and Smithport, Pa. Capt. Middleton had inscribed on the banner, "All well—none hurt." A letter mailed at the same time, and which is supposed to be on the way east promises to give greater details of the accident. However, the Mail is not yet in receipt of the missive.

FUNERAL SERVICES FOR JAMES R. GEEKIE

The funeral of James R. Geekie, will be held Sunday afternoon at 2 o'clock, from his late home, Lincoln avenue, in charge of Rev. C. A. Keller, pastor of the First Presbyterian Church. The interment will take place in Monongahela cemetery.

MARRIED THURSDAY AT LUTHERAN PARSONAGE

Thursday afternoon at the Lutheran parsonage, William M. Bastian and Miss Grace Six were united in marriage by the Rev. C. P. Bastian, pastor of the Lutheran church. The groom is a brother of Miss Alice Bastian, who was a teacher in the Charleroi high school for three years. Mr. Bastian and his bride are both from Montgomery, Pa.

TICKETS FOR THE BASKET BALL GAME

Tickets for the basket ball game between Canonsburg and Charleroi at Washington Saturday evening, can be obtained at John's Drug store. They were placed on sale today.

MANY ARTICLES ARE TURNED IN

St. Jerome's knitting auxiliary to the Charleroi Chapter of the American Red Cross met at the home of Mrs. P. J. Connelly, 717 McKean avenue, Thursday evening, with a large attendance. The following list of finished work was turned in for two meetings:—13 sweaters, nine pairs of socks, three helmets, two pairs wristlets, one scarf, three convales quilts. No meeting will be held next week on account of it being Holy Week, but all finished work may be turned in to Mrs. Rylands at the Hotel Wellington. The meeting Thursday, April 4th, will be held at the home of Mrs. Charles Schmieler, Fallowfield avenue.

NOTICE

We are called on once more to pay a tribute of respect to a deceased soldier, a comrad in arms who was ready and willing to give up his life, if need be, that we might live in peace the world over. The veteran Guard and comrades will meet at the corner of Eighth street and Lincoln avenue, Sunday, March 24, at 1:30 o'clock, p. m. to pay our respects to James R. Geekie, late of Company A, 110th Infantry, Camp Hancock. The Veteran Guard drum corps is respectfully invited to join us. I. Wise, Commander.

UNIVERSITY GIRL IN LOCAL FACULTY

Miss Virginia Irwin, of the senior class of the University of Pittsburg, is teaching English in the Charleroi school, in place of Miss Effie Parker, who is now at her home in Scottsdale on account of illness.

VICTORS WILL HOLD THE CUP

Canonsburg high school students are going to Washington in force Saturday evening, to witness the basket ball game between their team and the Charleroi gladiators. As Canonsburg is much nearer to Washington than Charleroi, it is expected that representation from the Gun-town will be much larger numerically than from the valley. However, there should be a loyal quota of "rooters" accompany the Charleroi team, that the boys may feel they are receiving some encouragement. The game will not only decide the championship of the county, but the victors will also become the custodian of the challenge trophy cup, which is now held by Canonsburg, and which won it from Washington last year. This fine cup would make a splendid addition to the trophies already on exhibition in the high school as mementoes of past victories.

MAY BAN HEAVY TRUCK LOADS IN DONORA

Donora borough council is going to take some action with reference to heavy auto trucks, loaded with coal, and other commodities, using the paved streets of that town. The question was discussed at a recent meeting of the borough council, and the matter was referred to the legal committee to investigate the propriety of passing an ordinance prohibiting the same, or possibly limiting the weight of loads.

Matrimonial Exchange by Zanana class of the M. E. Sunday school. High school auditorium, Friday evening, March 29. Tickets 25 cents. T & F

CONCERT OF HIGH SCHOOL MUSICAL ORGANIZATIONS A GREAT SUCCESS

WAS LICENSED AS A WIRELESS OPERATOR

Attorney D. M. McCloskey, recently returned from New York, where he had spent the past month taking a final course in wireless telegraphy. During that period Mr. McCloskey took a mechanical course in wireless and has now received a license as a wireless operator. This gives him the right to take charge of a wireless station on board ship. There is a great dearth of wireless operators at the present time, and Mr. McCloskey would have been appointed immediately if he had not had a number of cases to be tried in the Washington county courts.

WILLIAM A. GUILER OUT FOR ASSEMBLY

The Miners' Local Union of Charleroi has selected William A. Guiler, one of its members, to be a candidate for Assembly from Washington county at the coming primaries. In addition the Central Labor and Trades Council of Charleroi, representing various Trades and Labor Unions have also endorsed him. Mr. Guiler is Secretary of the Miners' Union of Charleroi, President of the Trades Council and Chairman of the Labor Committees for the sale of Liberty Bonds. He has represented the miners in National and District conventions for many years, and is a man who stands very high in this part of the county, being a conservative and industrious citizen, and one who enjoys the confidence of a large circle of friends.

FATALLY INJURED WHEN RUN DOWN BY TRAIN

Samuel Iwan, aged about 46 years, was run over and had both legs cut off by a train on the Monongahela Division about 100 yards south of the Coal Center station Thursday afternoon. He was put on the afternoon passenger train and started for the Memorial hospital at Monongahela, but died before reaching there. The body was taken in charge by the Frye morgue. The man worked for the Pittsburg Steel Products Company, and had check No. 2486-B on his person, as well as \$7.83 in money.

INCOME TAX MAN AGAIN IN CHARLEROI

M. J. Zahniser, income tax man, is again in the Charleroi post office, where his services are at the disposal of any and all citizens who wish to make out their income tax reports. Mr. Zahniser will be at the post office on Saturday also.

Mrs. Henry Schrader entertained at her home on Washington avenue Wednesday evening in honor of Mrs. J. H. Gilmore, of Chicago.

Program Well Balanced and Effectively Rendered by Students

THE BEST OF THE SEASON

The annual concert of the musical organizations of the Charleroi high school has come to be an event which is eagerly anticipated by local patrons, as attested by the splendid audience present last evening. The large attendance of lovers of music, which completely filled the high school auditorium, was certainly a tribute to the popularity and efficacy of the organizations, the members of which are fully deserving all the pleasant things said of their work. As a prominent citizen said of last evening's program, "It certainly was one of the best rendered and highest class programmes presented in this hall this season." Charleroi has every reason to feel proud of its musical organizations in the schools. The work here will compare most favorably with that of other schools throughout the state. There is considerable talent of a high order, to be found among the members of the local student body, and this is being carefully watched and moulded into desirable form under the guidance of Prof. I. T. Daniel, supervisor of music, to whom the greater share of credit for the splendid results already acquired must go.

The programme presented last evening was an exceptionally good one. It had been arranged with much care and judgment, and showed, in its presentation, that considerable attention had been given its preparation. There was sufficient variety to make it interesting. The opening number, the overture, "La Diademe," by Hermann, was played in spirited style. It really was surprising to note with what ease these youthful performers handled the many difficult passages with which this work abounds. This was followed by the well-known number, "Sunshine of Your Smile," sung as a two-part song by sixteen young ladies in an effective manner. Miss Edith E. Jenkins, young daughter of the versatile "Johnny" Jenkins, proved a pleasant surprise to the large audience, many of whom had no previous knowledge of her ability as a violinist. She played Ambrosio's "Hejre Kati," and gave convincing evidence of undisputed talent. Miss Ruth Swickey recited "The Highwayman," by Noyes in an effective manner, winning much applause. The two numbers played by the violin octette—Handel's "Largo" and Mascagni's "Intermezzo" from the opera "Cavalleria Rusticana," proved to be delightful contributions. They were played with much expression and good ensemble effect. Miss Sara Winer was suffering from a cold, and sang but one of her numbers, "Under the Rose," by W. Arms-Fisher, which was well received. Rus-

"CHIROPRACTIC"

[Ki-ro-prak-tic]

THE MASTER OF DISEASE

Is the new DRUGLESS science founded 23 years ago by Dr. D. D. Palmer, of Davenport, Iowa.

CAUSE OF DISEASE

This picture shows the arrows pointing to the organs of the body supplied by NERVES, which emit from the spine as indicated. If any vertebra or segment of the spine is slightly out of its proper alignment (a so-called kink,) it will pinch the nerves emitting directly above or below, thus shutting off the flow of nerve impulses from the brain and causing diseases of the organ to which these nerves lead.

The Chiropractor REMOVES THE CAUSE by adjusting the parts of the spine that are out, back to their proper alignment, thus lifting the pressure from the nerves and allowing nature to send the proper current of nerve impulses from the brain to the part affected.

HEALTH IS THE RESULT

A "KINK" in your BACK may prove fatal some day. Have it attended to AT ONCE if you would avoid disease later.

Consultation and spinal analysis free. Office hours: 10 to 12, 2 to 4 and by appointment.
